Bulkquip Pty Ltd

Single-Shaft Industrial Ribbon Blenders

Precision, hygiene, and reliability. These mixers use a single shaft with a double spiral ribbon, designed for industries where contamination control is critical.

Capacity Range

• 20 – 3,900 L per batch

Key Features

• Stainless steel or carbon steel construction

• Double ribbon spiral for efficient blending

• Hygienic design with smooth surfaces

• Air/gas-purged bearings for contamination protection

Benefits

• Reliable, repeatable batch quality

• Ideal for sensitive products

• Easy to clean and maintain in hygiene-critical environments

• Compact, energy-efficient design

Industries

• Food powders and nutritional blends

• Pharmaceuticals and supplements

• Pigments and coatings
